ELECTRIC BOWL CHOPPER

A electric bowl chopper more commonly known as a Buffalo Chopper, bowl cutter or food cutter.

This food cutter is designed and suited to cut up and chop, vegetables and fruit. It is driven through an enclosed-gear with a covered slicing blade. Body is made of an aluminum alloy with an 5 liter stainless steel bowl and is equipped with an emergency shut-off switch for added safety.

The bowl chopper comprises a rotating stainless steel bowl into vegetables and fruits are deposited manually. Bowl chopper's bowl which holds the vegetables and food rotates during the cutting process. Ingredients are chopped in the bowl by a multi-bladed revolving knife positioned at the rear of the bowl and revolving in the vertical plane. There is a stationary blade that spins while the vegetables and fruits is passed through it, and the process continues until the food is chopped to the desired size. There is also a lid that covers the machine, which has an

enlarged area to accommodate the spinning blade. Food processing bowl chopper machines are fitted with an unloading scraper which discharges the product from the bowl into a container via a chute. Bowl cover interlock prevents running when cover is in improper position

Features of jas electric bowl chopper

- Perfect for alliums vegetables like garlic, leeks, onion, shallots, spring onion, roots and tuberous vegetables aubergine, egg plant, brinjal, beetroot, carrots, celery, parsnips, potato, salsify, sweet pepper, sweet potato, legumes vegetables i.e. Broad beans, French beans, peas, runner beans brassicas vegetable like brussels sprout, cabbage, calabrese broccoli, cauliflower, kohlrabi, radishes, rutabaga, turnips and many more can easily chop with jas bowl chopper.
